No-CAP Workshop

Compete on features. Collaborate on security.

SPONSOR SUMMARY · NATIONWIDE WORKSHOP · JAN 19–21, 2027 · ONLINE · FREE

THE OPPORTUNITY

FedRAMP has overhauled how providers triage vulnerabilities, and the new approach demands automated, sophisticated reasoning to make good decisions under tight time constraints. That's the good news. The deadlines are the hard part: the rules become mandatory December 7, 2026, and offerings under a Corrective Action Plan risk losing certification if they aren't compliant by March 7, 2027. Our response is three days of free, practitioner-led sessions on what has actually worked for assessment, mitigation, and response. Sponsors are how we make it free.

THE AUDIENCE

- Cloud service providers across the FedRAMP community, and the engineering, compliance, security, and leadership teams
- Auditors, advisors, and vendors who serve them
- Bottom Line: These are the people working on this exact problem, at scale, on a deadline.

SPONSORSHIP TIERS

TIER	PRICE	AVAILABLE	WHAT YOU GET
Founding	$15,000	3 of 3	Name a day ("Day 1, sponsored by You"), first choice of day. Largest logo on every opening card. Top website listing, linked. Announcement emails. Logo in every recording.
Gold	$8,500	5 of 5	Mid-size logo on every opening card. Linked website listing. Announcement emails. Logo in every recording.
Silver	$2,500	Open	Small logo on every opening card. Linked website listing.
Community	$500	Open	Name on the website and in every recording description.

Opening cards run before every session, so your logo travels with every recording for as long as it is watched.

WHAT YOU RECEIVE

An aggregate Sponsor Report after the event: participation, engagement, and a summary of attendee experiences and key learnings. Attendees can join anonymously.

WHAT STAYS INDEPENDENT

An independent Steering Committee, under a published charter, approves sessions and leads on their merits. Sponsorship does not buy a session or influence scope.

WHAT SPONSORSHIP FUNDS

Logistics across leads, attendees, and sponsors; run-of-show support for the online platform; and post-production of the recordings, including transcripts. Private sessions are funded by the teams that request them.

TIMELINE AND TERMS

- Founding sponsorships: first come, first served until **December 1, 2026**. Gold, Silver, and Community: open until **December 31, 2026**
- Logos due **January 5, 2027**. Invoiced by CriticalSec LLC at commitment, net 30; payment due in full by **January 8, 2027**
- Commit by email confirmation or a one-page agreement. Refund or credit if the event is cancelled or moved; otherwise non-refundable after the event starts
